RUMOR ABOUT BIG FIGHT.

Tex Rickard, who insists that the JeffriesJohnson fight will take place at Salt Lake
Uty or he will forfeit the entire amount
of the purse, \$101,000, has finally succeeded
in taking a stunning fall out of Jack Gleason
of San Francisco, his reputed partner.
When Gleason learned that Rickard had
promised to post the purse with Stakeholder
Sullivan and had leased the Saltair Palace
from the Mormons, he suddenly realized
tat he might be a victim of a freezeout
game. So he wired T. D. Sullivan for information and was informed that Rickard
had promised to put up the purse inside
of two weeks. As a result Gleason now
says that the fight must be held under his
ruanagement in California and that he
will depend upon Jeffries and Johnson to
stand by him.
There was a rumor among sporting men
yesterday as a result of the row between Tex Rickard, who insists that the Jeffries-

stand by him.

There was a rumor among sporting men yesterday as a result of the row between Rickard and Gleason that it would not be long before the fight was declared off. It was shown that Jeffries and Berger were in league with Gleason many weeks ago and that they would not have accepted Rickard's bid if Gleason had not been declared in with it. It was also pointed out that Rickard had Johnson sewed up long before he came East to bid for the mill and that if a clash between the promoters occurred the rival pugilists would probably take sides.

An informal application from the Essex County Country Club met with more favor, and it is probable that the championship will be held there.

The tournament will be held on June 2, 3 and 4. Instead of giving gold and silver medals as prizes for each sixteen and beaten eight there was a vote to give medals only to the lowest scorers at medal play and to have other prizes for the match play winners.

Both major leagues will adopt the new ule suggested by President Thomas J. Lynch of the National that umpires must fine rowdy substitute players on the benches for a first offence and banish all of them to the clubhouse for a second. This rule, framed by President Lynch, is the result of a careful investigation. Umpires John-stone, Klem, O'Day, Rigler and Emslis supplied Mr. Lynch with plenty of infor-mation showing that much of the disorder during games was caused by substitutes on the benches who were not amenable to the rules against kicking. Under the new regulation, however, the unpires can suppress this form of rowdyism at their own discretion. By fining or ejecting loud

While it is impossible to induce the stewards to discuss the racing schedule at this time, there was another perplexing report yesterday that Saratoga would receive more than eighteen days this year. POLO AT LAKEWOOD. pring Tournament to Be Revived With British Players.

After an interval of five years the spring polo, tournaments are to be revived on the Georgian Court fields, and visiting players from England and Ireland are to play. The dates will be between March 21 and April 30. The team F. A. Gill of Ranelagh is to captain in southern California, of whom Lord Lascelles, Lord Robert Innes-Ker and R. McCreery are to arrive this week to join him, will probably be busy on the Pacific coast at 'he time named, but some equally distinguished players are to visit this country prior to the opening of the Hurlingham in May and to participate in the games

at Georgian Court.

The matches are by no means to be considered of an international character, for the teams will be made up from day to day of the available British and American players irrespective of their club affliations. It will be strictly an invitation is made up of H. P. Whitney, George J W. A. Hazard and H. L. Herbert. Among mouthed umpire baiters who are not taking the visitors expected from England and part in the actual play Mr. Lynch is sure Ireland are Capt. E. D. Miller, Capt. The fact that the Brighton stakes have closed with a fine list of nominations and new stables and other needed improvements at the Beach track has been regarded

In fact persons who insisted they knew what was going on, said that they would not be surprised if Saratoga received twenty-four days or more. If such should prove to be the case it was pointed out that there might be serious trouble in finding room for both Brighton and Empire City between the spring and fall meetings at Sheepshead Bay.

Furthermore it was said on good authority that the Coney Island Jockey Club, which conducted a spring meeting up to and including July 13 last year, had shown a disposition to oppose an earlier closing and also insisted on a date not leter than September i for the running of the futurity, which usually takes place on the first day of the fall meeting. As already pointed out in The Sux, a satisfactory arrangement could be reached by closing Sheepshead Bay on July 4 and reopening it on September 6, which would afford fifty-four racing days in the summer, eighteen each for Brighton, Saratoga and Yonkers, but from the reports in circulation yesterday there seemed to be considerable friction over this plan caused by Saratoga and the Bay.

Still another interesting point in the present controversy arose in the shape of the announcement by the Pimlico people that they might be willing to open early enough in April to enable the local season to begin on May 1. On the inside it was hinted that the tuff solons had not forgotten Pimlico's utwillingness to declare off one day's racing in the fall of 1908 to enable many horsemen to come to this city to vote and were also mindful of other things done by the Maryland track which indicated a lack of interest in racing affairs in this State. Persons who are in close touch with the situation asserted that when the final allotment of dates was decided upon Pimlico's utwillingness to declare opposition on the metropolitan circuit. The Jockey Club stewards may hold an important mmeting to-morrow, but whether they will be able to solve the present date problem remains to be seen. Meanwhile horsemen and track owners are on tiptoe waiting for an offi

SCHEDULE UNSETTLED.

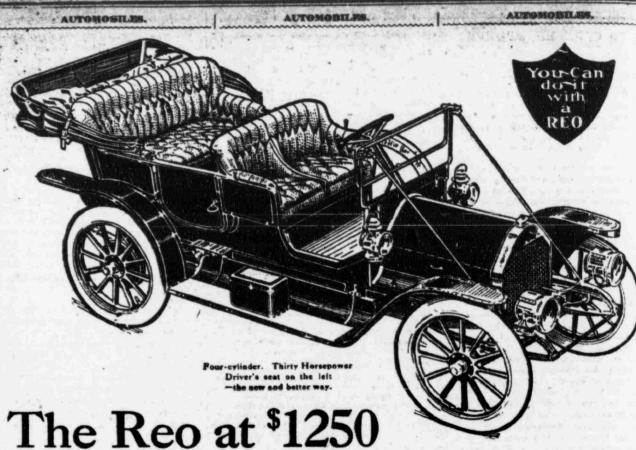

Calling for 154 Games.

PITTSBURG, Jan. 25.—The joint schedule committee of the American and the National League spent a busy day trying to agree on the length of schedule to be offered finally to the meeting to be held in Chicago next month. A virtual compromise so far as the Pittsburg meeting is concerned, was finally agreed on.

A 154 game schedule has been prepared

A 154 game schedule has been prepared by the Americans and the Nationals with as few conflicting dates as possible. To this will be either added or inserted the fourteen additional games needed to make up the 168 game schedule which the National League instructed for at its recent meeting. This 168 game programme will be submitted to the meeting in Chicago by Charles Ebbets, of Brooklyn, while Barney Dreyfuss of Pittsburg will submit the original 154 game schedule as a minority report to the Chicago meeting. This at least was the intention late to-night while the schedule committee was still in session.

The rules committee to-day rescinded its action of yesterday doing away with the wild pitch and the passed ball. There was much protest against this change from pitchers and catchers in both leagues.

Instead of the 1910 event being known as the "Annual Reliability Contest of the American Autopobile Association for the Glidden and class and the winter previous the Dorello, mobile Association for the Glidden and Other Trophies," as the tours in recent years have been styled, this year's contest

years have been styled, this vear's contest will probably be known as the "National Tour for the Glidden Trophy."

There was considerable discussion at yesterday's meeting regarding the route for the tour. The following tentative route was selected, subject to any modifications that may be necessary: Starting from Cincinnati, through Louisville, Nashville, Memphis, Little Rock, Dallas, Oklahoma, Wichita, Topeka, St. Joseph, Des Moines, Cedar Rapids, Davenport, and ending at Chicago. This route is about 2,200 or 2,300 miles and may be shortened.

It is likely that some plan will be adopted by which the entrants of competing cars that finish the tour with 95 per cent. or more of perfect scores will receive Glidden certificates. S. M. Butler, chairman, presided at the meeting, the others in attendance being Alfred Reeves, general manager of the Association of Licensed Automobile Manufacturers: E. Rand Hollander, of the Importers Automobile Salon; Joseph H. Wood, president of the Associated Automobile Clubs of New Jersey, and L. R. Speare of Boston, president of the A. A.

The national legislative convention to be held in Washington on February 15, 16 and 17 under the auspices of the American Automobile Association is planned to be a demonstration for uniformity in motor vehicle legislation. Its chief object will be to show the great need for favorable action by the members of Congress on the Federal registration automobile bill. measure, if passed, will enable an automobile owner, after conforming to the motor vehicle regulations of his own State, to secure a national registration for his car at a hominal fee and then be at liberty to tour in any part of the Union without fear of being halted at various State borders and told in the words of the law that he cannot enter unless he registers his machine and pays the license tax under the laws of that State.

Not only among automobilists has widespread interest been aroused but the subject is attracting the attention of large erganizations and many favorable replies have been received from the Governors of the different States consenting to send official delegates to the convention. The convention will be held at the New Willard Hotel, and Charles Thaddeus Terry, chairman of the A. A. A. legislative board, will open headquarters there on February 10. Mr. Terry made an address on the need for uniform motor vehicle legislation at the National Civic Federation convention in Washington last week.

Congressman W. W. Cocks, one of the New York delegation, has introduced the Federal registration bill in Congress and a hearing will be asked for during the convention. Senator Depew of New York has been invited to deliver the opening address to the delegates and State Representatives on Tuesday morning, February 15. Vice-President James S. Sherman has said he will be invited to speak. Invitations have been extended to Senator Beveridge of Indiana, Senator Rayner of Maryland and other prominent speakers.

Gov. Fred M. Warner of Michigan has appointed F. C. Martindale, Secretary of State, as official delegate from Michigan. Gov. Shafroth of Colorado. Favorable responses have also been received from Gov. Willson of Kentucky and Gov. M. R. Patterson of Tennessee Delegates have also been named from New York New Jersey, Massachusetts, Pennsylvania, Ohio, Florida, Georgia, Minnesota, Wisconsin and Wyoming.

TWO NEW CLASS P YACHTS

for the coming season's sport are for Com-modore Harold S. Wheelock of the Corinclass and the winter previous the Dorello, a 38 rater. The new boats will race against last season's craft and possibly one or two older boats, such as the Onda II., for the Lipton cup. That trophy stands for the Lipton cup. That trophy stands for the championship of the 31 rater class on Massachusetts Bay, and last year it was won by the Timandra, owned by John B. Fallon. The cup has to be won three times by the same yachtsman to become his property. These two new boats are being built by Hodgson Bros. at East Boothbay, Me. The Lee boat is in frame and as soon as the planking is finished work will be started on the Wheelook boat. Practically these two are of the same design as far as the lines of the bodies are concerned. The layouts, however, are different and the displacement and sail areas will be different. George Lee's yacht will have a stateroom aft under the cockpit floor similar to the plans of the Dorello, Timandra and Wianno. Commodore Wheelook's boat instead of having this stateroom will have a large cabin with companionway leading from the cockpit. The displacement of this yacht will be greater than that of the Lee boat and her sail spread will be smaller.

In these waters the Windward, owned by the Hanan brothers, and the Naulahka, owned now by Stuyvesant Wainwright, will be in commission. There has been talk of a series of races being arranged in which the Eastern yachts could meet those of these waters. championship of the 31 rater class on Massa
